DVA HEALTH CARDS **297,012**

Gold Cards issued 104,844
White Cards issued 192,168

TREATMENT CARD COST (2023-24)*

	Gold	White
Active Users	104,543	89,273
Cost per Active User	\$26,066	\$3,707

In 2021, DVA adopted a new model for estimating average treatment card cost. Rather than considering all cards issued, this model version used Active Users, a measure of the quarterly exposure of card holders that have ever had health expenditure covered to date. In 2022, the definition of 'Active Users' was further refined to only include card holders that have had any health expenditure covered in the past 5 years, rather than considering any health expenditure over all time.
