Hearing Information

*This part of the hearing certificates deals with what information the Board members will have available at the hearing. Please note that the VRB's Alternative Dispute Resolution file is **not** made available at the hearing.*

Information contained on the section 137 report

*Please note that if during the ADR process for this application, the parties provided their agreement for particular material to be folioed and added to the section 137, to be made available at the hearing, **it will** be provided to the Board members at the hearing.*

If you did not provide your consent for any material to be made available at the hearing, the VRB needs to know what information you would like the Board members to have available at the hearing.

I would like the following material added to the section 137 report to be made available to the Board members at the hearing:

Case appraisals, neutral evaluations and material resulting from section 148(6A) requests

Please note that a case appraisals, neutral evaluation and material resulting from section 148(6A) requests has been automatically added to the section 137 report, where relevant. This will be made available to the Board members at hearing, unless you object.

Please state any objection:

Witnesses at the hearing

Please list any witnesses (not including the applicant) intended to be called to give oral evidence at the hearing:

Unavailable dates

Please note that once you provide this hearing certificate, the VRB will arrange for the application to be listed for a hearing. The only dates that the party (e.g. the applicant, representative or any witness) are not available in the next 3 months are:
