Dear

I wrote to you on 15 December 2010 to provide information on the expanded counselling services available to you as a Group 2 participant of the SHOAMP Health Care Scheme. The National Manager of the VVCS – the Veterans and Veterans Families Counselling Service, Mr Wayne Penniall, has provided further details on the VVCS counselling and group programs. I have enclosed Mr Penniall's letter for your information.

If you would like to contact VVCS, please call **1800 011 046**. If you have not attended counselling at the VVCS before, you can present this letter to VVCS staff as proof of eligibility.

If you require further information about the SHOAMP Health Care Scheme, please call **1800 728 007**.

Yours sincerely
