Dear

**Changes to the F-111 health care and compensation package –
you are now eligible for the SHOAMP Health Care Scheme**

In response to the Parliamentary Inquiry report, *Sealing a just outcome: Report from the Inquiry into the RAAF F-111 Deseal/Reseal workers and their families*, the Government has revised the health care and compensation package for personnel affected by their involvement in the maintenance of the F-111 aircraft. In particular, the package will now be available to more people.

Our records show that you previously registered for the SHOAMP Health Care Scheme but were not eligible at that time. Changes have been made to the SHOAMP Health Care Scheme which mean that you are now eligible to access it. You will need to resubmit a new registration form which is enclosed. I have also enclosed two fact sheets to give you information about it.

The Government Response to the Inquiry has three main themes – compensation, health care and counselling. You can find the Government's full response at f111.dva.gov.au and enclosed is a third fact sheet outlining the response.

If you'd like more information on the changes to the scheme, please go to f111.dva.gov.au or call us on **1800 728 007**.

Yours sincerely
