

Australian Government  
Department of Veterans' Affairs

# ATTENTION:

## F-111 FUEL TANK MAINTENANCE WORKERS 1973-2000

The Australian Government has committed \$55 million to ensure more F-111 fuel tank maintenance personnel, including pick and patch workers and others, now have easier access to compensation and health care.

A health care scheme has been re-opened to support the health care needs of affected personnel while their claims are being determined.

The Department of Veterans' Affairs wants to contact all those involved in F-111 fuel tank maintenance and associated tasks between 1973 and 2000.

If you didn't receive a letter from the Department in late May, please come forward to check if you are eligible for compensation and health care.
